

FLOW

(Moller, Bock, Retzlaff)

New York based organ trio FLOW was formed in 2006 and is collaboration between saxophonist Kim Bock (SteepleChase Records), organ player Soren Moller (Jazzheads Records) and drummer Peter Retzlaff (Universal Records). Over the years these three musicians have performed and recorded with artists such as Kenny Werner, Greg Osby, Maynard Ferguson, Dick Oatts, Antonio Sanchez and Jason Marsalis.

FLOW brings together three distinct musical personalities in a soundscape that throws an innovative light on the modern organ trio. Straight grooves, lyrical modernism, free explorations and hard core swing are all components of the FLOW experience.
